

SAATIPRINT

The attractive pricing of this built-to-last, multiple programmable unit makes machine coating of direct emulsions affordable. It assures the coating repeatability from screen to screen that cannot be accomplished by hand, or by most other compatible coating machines. The Cimrex-controlled Q-Lux™ Screen Coater offers many features and benefits.

Q-Lux™
SCREEN COATER

Q-Lux™ SCREEN COATER

FEATURES

- PLC control, 20 program memory
- Fits any frame profile including Newman Roller Frames
- Will simultaneously coat both sides
- Programmable speed, number of coatings, and dwell
- Independent squeegee and print-side coating control
- Uniform coating pressure and precise coater movement
- Smooth maintenance-free, belt drive
- Length of the coating area is adjustable
- Adjusts easily for a variety of frame sizes

BENEFITS

- Attractive pricing puts machine coating in the grasp of most screen printers
- Reliable, repeatable results at a price equivalent to stretching systems
- Produces extremely smooth stencil profiles
- Achieves stencil thicknesses accurate to within ± 1 micron
- Provides repeatability from screen to screen to assure efficient, quality performance
- Designed for long-term, virtually maintenance-free use
- Coater design offers easy installation and accuracy
- Pneumatic screen mounting
- Simultaneous coating of two screens (25" x 36" maximum O.D.)
- Dual screen model

TECHNICAL SPECIFICATIONS

Maximum Frame Size	Single frame: 57"W x 55"H (144 cm x 139 cm) Dual frames: 25"W x 55"H (63 cm x 144 cm)
Power Requirements	110 volt, 7 amps, 50/60 Hz
Air	85-90 P.S.I.
Dimensions	91" wide x 33 1/2" deep x 82" high
Weight	750 lb. (approximately)

INSTALLATION & TRAINING

Technical support is provided by SaatiPrint's Coating Application Team, supported directly by our factory expertise. Due to its unique construction, the Q-Lux Screen Coating Machine is easily installed by the customer. Simply connect an air line and plug in (standard 110 outlet). Easy to operate. No assembly is required. SaatiPrint can provide installation, including operational instruction by our factory-trained engineer.

Leasing available, please inquire.
